

CEN3031 – David Meadows

Bootcamp Assignment #1 - Introduction to Asynchronous Web Programming using Node.js

GitHub name: dmeadows8585

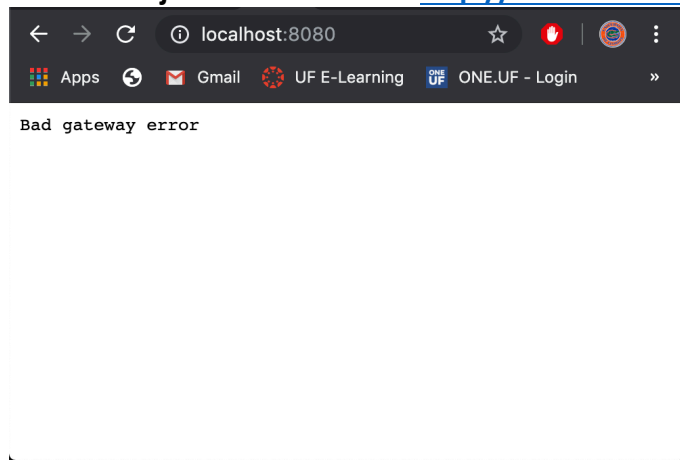

GitHub repository link: https://github.com/dmeadows8585/CEN3031_Bootcamp

Node js installed:

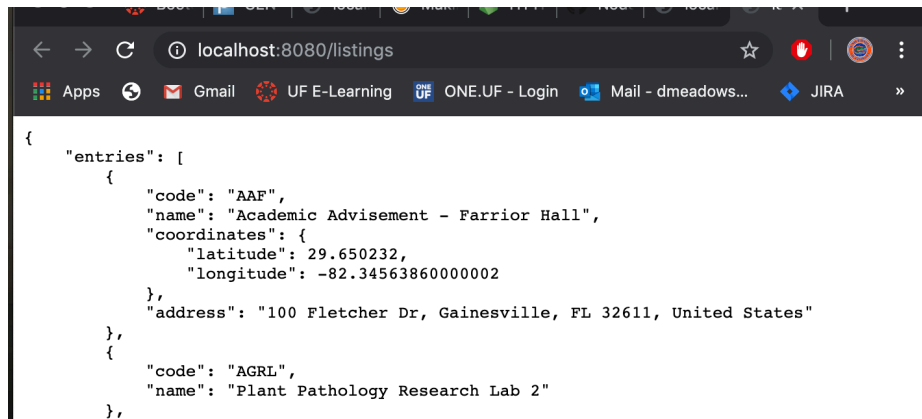

```
Dauids-MBP:Bootcamp1 davidmeadows$ node --version
v10.15.3
Dauids-MBP:Bootcamp1 davidmeadows$
```

```
Dauids-MBP:Bootcamp1 davidmeadows$ node server.js
server listening on: http://localhost:8080
```

Run server.js and enter the url <http://localhost:8080> into the browser:

Enter the url <http://localhost:8080/listings> into the browser:

Run mocha tests:

```
Dauids-MBP:Bootcamp1 davidmeadows$ npm test

> Assignment1@2.0.0 test /Users/davidmeadows/Code/CEN3031/Bootcamp1
> mocha server.test.js

UF Directory Server Unit Tests
  Server responds to requests
    ✓ should respond
  Server provides listing data as JSON on proper request
    ✓ responds correctly to a GET request to "/listings"
    ✓ responds with a 404 error to other GET requests

3 passing (59ms)
